

## Future Renewals

The 2009 renewal cycle was a transition year for renewing your Oregon architect registration. From this point forward, even-numbered licenses will renew in even-numbered years and odd-numbered licenses will renew in odd-numbered years. Also, the only qualifying CPE is in HSW subject matter. There will continue to be a random audit following each renewal cycle. A summary of requirements follow:

**2010 renewal** = For those who hold an active even-numbered license. Up to 12 hours carryover is allowed.

- Required CPE = 12 hours minimum
- CPE must be obtained between 7/1/09 through 6/30/10.
- Complete renewal + \$200 required by 7/1/10.
- Renewed registration valid thru 6/30/12 – and every two years (\$200 + 24 HSW) thereafter.
- No odd-numbered license holders renew this year.

**2011 renewal** = For those who hold an active odd-numbered license. Up to 12 hours carryover.

- Required CPE = 24 hours minimum
- CPE must be obtained between 7/1/09 through 6/30/11.
- Complete renewal + \$200 required by 7/1/11.
- Renewed registration valid thru 6/30/13 – and every two years (\$200 + 24 HSW) thereafter.
- No even-numbered license holders renew this year.

**2012 renewal** = For those who hold an active even-numbered license. Up to 12 hours carryover is allowed.

- Required CPE = 24 hours minimum
- CPE must be obtained between 7/1/10 through 6/30/12.
- Complete renewal + \$200 required by 7/1/12.
- Renewed registration valid thru 6/30/14 – and every two years (\$200 + 24 HSW) thereafter.
- No odd-numbered license holders renew this year.
